

FREDENHAGEN

FREDENHAGEN

FREDENHAGEN - ONE LIKE NO ONE

If you close your eyes, you can still hear the hammering and hissing. It's loud. Drops of sweat cling to foreheads. A thriving industrial history couldn't be written without it. It's still in the air in FREDENHAGEN - almost within reach. FREDENHAGEN's over 100-year-old industrial building is one of the most characteristic event locations in the entire Rhine-Main region with its space, location and powerful charisma. Two large halls - Alter Stahlbau and Neuer Stahlbau - and a spacious outdoor area: There is plenty of room for your ideas.
